Subject: Visitation Update

The Province of Manitoba has moved the Winnipeg Region to Red critical status for Pandemic response and announced changes to visitation in Hospitals and Personal Care Homes effective Monday, November 2, 2020. The visitation restrictions apply to Deer Lodge Centre and this means we will be reducing the Designated Visitor number to one from the current two. Exceptions to the restrictions will be on a case-by-case basis as outlined by Public Health.

I recognize this will be a difficult time for you and your loved one so please take advantage of the virtual options available identified on the Deer Lodge Centre web site. You can also call your Social Worker or Care Manager for assistance.

It is very important that Deer Lodge Centre supports the new restrictions to keep the patients, residents, and you safe.

Thank you for your understanding and regular updates will be provided.
